

Have you already made your first steps in finance but want to make more impact at an international yet people-oriented, family-owned company? Our mission is to help improving the global food and health sector.

At Vaxxinoa collaboration, transparency and inclusiveness are important values and we believe in nurturing talent and fostering an environment where your ideas are valued, and your growth is encouraged.

We offer the following exciting, broad role in our fast-growing veterinary pharmaceutical company with international growth opportunities.

### **JUNIOR BUSINESS CONTROLLER (0.8 – 1 FTE)**

Based at our finance department in Nijmegen

#### **Key activities**

*Regarding the legal entities:*

- Supporting the financial reporting of two legal entities
- Processing of purchase invoices, while leading a project to further automate the processing and approval of purchase invoices.
- Work closely with your business colleagues responsible for the different cost centers; forecasting and budget setting, reporting and analysis of the financial results
- Supporting the WBSO grant and coordinating Insurances
- Performing NPV calculations for R&D projects and actual reporting of deviations

*Regarding the Vaxxinoa Group:*

- Supporting the Group controller in preparing Group financial consolidation and reporting
- Collecting, analyzing, and consolidating financial data (actual, budget, forecast)
- Intercompany matching, in cooperation with the foreign company controllers
- Preparing sales reporting in Looker (BI tool) and running analyses on sales and gross profit data per legal entity / product.
- Participating in projects, such as the ERP project/reporting and creation of further Sales dashboards

#### **Skills & Competencies**

- Bachelor's degree in finance, accounting and/or control
- 2-3 years' experience with financial and/or management reporting and/or consolidation activities, preferably in an international environment
- Solid communication, technical and analytical skills
- Good problem-solving supported with self-motivation and self-managing skills
- Strong in Microsoft Excel and BI tools
- Fluent in English, both verbally and in writing

### **What makes us unique**

- An open and inclusive international work environment where we like to work hard but also have fun
- A culture of innovation and creativity where continuous development and learning is stimulated
- Good work-life balance with flexible working hours
- A competitive salary with a bonus opportunity
- 30 holidays and a solid pension plan

### **Our hiring process**

After your application, we will screen your CV and - if positive - you will have interviews with

- Colleagues from Finance: CFO and Controller
- HR Manager

### **Company profile**

Vaxxinoa develops, produces and markets a wide range of innovative vaccines to protect livestock and fish against disease. We create high quality solutions to improve animal health and to support the business of our customers. We believe that innovation and excellence in research are essential to produce premium products that match the current and future requirements in animal health.

The Vaxxinoa Group, headquartered in Nijmegen, the Netherlands, was officially named and founded in 2010 but can rely on expertise and presence originating from the 1960s. Our current network comprises production, research & development, sales and diagnostic facilities in 10 countries: Brazil, Chile, Germany, Italy, Japan, Jordan, Norway, the Netherlands, Thailand and the USA. Vaxxinoa is active in more than 60 countries.

Vaxxinoa belongs to the EW Group, a German-based family-owned company, specialized in animal genetics, animal nutrition, diagnostics, hatchery equipment and animal health. The EW Group is highly committed to R&D and active in more than 100 countries.

The Group is well positioned to support solving the world food challenge, and with the Vaxxinoa products to care for animals.
